

Ellenbrook Speedway Partnership Packages

Are you looking for a new place to advertise your business?
Ellenbrook Speedway may be exactly what you are looking for!

The Racing Drivers Association of WA. Inc was formed over 50 years ago in Western Australia and is a non profit organization. In 1976 the club moved from Wattle Grove to Ellenbrook and has been providing a fun exciting sport with a difference for all individuals and family's every winter since that time.

Ellenbrook is host to many Blue Ribbon events for the various divisions of speedway and we have continued to grow and develop our club for the bigger crowds and competitors that are now attending the venue.

Ellenbrook Speedway runs approximately 12 race meetings from April to October every year. A majority of our race meetings are run during daylight hours. With the erection of infield lighting towers in 2009 we are now capable of holding a couple of twilight meetings per year.

Our club is always looking to the future and there are various improvements on our agenda. We would like your help to enable our club to move forward.

The Racing Drivers Association of WA Inc. is currently looking for new partners for our 2018 racing season. If you are interested becoming a partner with our club please fill in the expression of interest form found on the last page of this proposal.

All packages are negotiable, we believe our club could be a great marketing tool for your company and we will do what ever it takes to maximize your companies specific needs.

If you have any questions or would like more information, please feel free to contact Anthony Heelan anytime, to discuss.

Thank you for your time

Anthony Heelan
President- RDA of WA Inc.
